

## RELIEF launches free online courses to boost agricultural bioeconomy skills

### MULTILINGUAL COURSES

Courses available in 5 languages- English, Italian, Greek, Swedish, and Portuguese.

### SELF-EVALUATION TOOL

After users complete the self-evaluation, the platform will provide feedback on their performance and suggest specific courses for them to attend.

### GAMIFIED RESOURCES

Problem-based learning; Scenario based learning; Digital storytelling; Case studies; Group Discussions & Tutorials.

**Date: July 2024**

RELIEF is proud to announce the launch of its e-learning platform aimed at upskilling individuals in agricultural bioeconomy. Available now, this platform offers 20 specialized courses with supplementary materials, designed to enhance knowledge and skills critical to sustainable agriculture.

## Key Features of the RELIEF E-Learning Platform:

- Extensive course offerings: access 20 specialized courses with supplementary materials.
- Interactive learning: engage with gamified resources for optimal learning experiences.
- Multilingual support: courses available in English, Greek, Italian, Portuguese, and Swedish.
- Diverse educational levels: tailored for university students, agronomists, and farmers.
- Cost: completely free of charge.

## Course Modules:

The platform features five primary modules, each containing multiple learning units. Watch the introductory videos to discover the course contents:

- [Agricultural Sustainability](#)
- [Digital Technologies and Artificial Intelligence](#)
- [Bio-economy, Circular Economy, and Bio-Based Products](#)
- [Controlled Environment Agriculture](#)

- [Horizontal Skills](#)

## Benefits for Users:

Participants will:

- Acquire comprehensive knowledge in bioeconomy and circularity concepts.
- Develop multidisciplinary, cross-sectoral, and managerial skills.
- Implement bioeconomy practices to enhance sustainability in rural contexts.

## How to Register:

Interested individuals can register and access the courses online for free at [RELIEF E-Learning Platform](#).

## Support and Resources:

- Guides and tutorials: access detailed guides and a YouTube tutorial to navigate the platform effectively: [How to Use the Platform](#).
- Trainer support materials: including PowerPoints and activity instructions for each module.

For more information, visit [RELIEF E-Learning Platform](#).
